LOVELY PROFESSIONAL UNIVERSITY

School of Computer Science & Engineering · Academic Session 2026–27

INT335: DESIGN THINKING

Comprehensive Course Project Dossier (Checkpoints 1 through 7)

Project ID: P04 · Return Loop LPU: Campus Lost and Found support

Live Web Prototype: https://returlooptesting-khwd.vercel.app/
GitHub Repository: https://github.com/bhuvanasaigeddada08-eng/Returlooptesting.git

Course & Code	INT335 · Design Thinking (2 Credits)
Project Title	Return Loop LPU: Campus Lost and Found support
Domain / Focus	Campus Lost-and-Found Recovery & Privacy Logistics across 600 Acres
Section & Team No.	**Section K212520 · Team 15**
Course Faculty / Mentor	**Dr. Sarabjit Kaur**
Date of Approval	**30/10/2026 (Approved)**

Official Team Roster (Team 15)

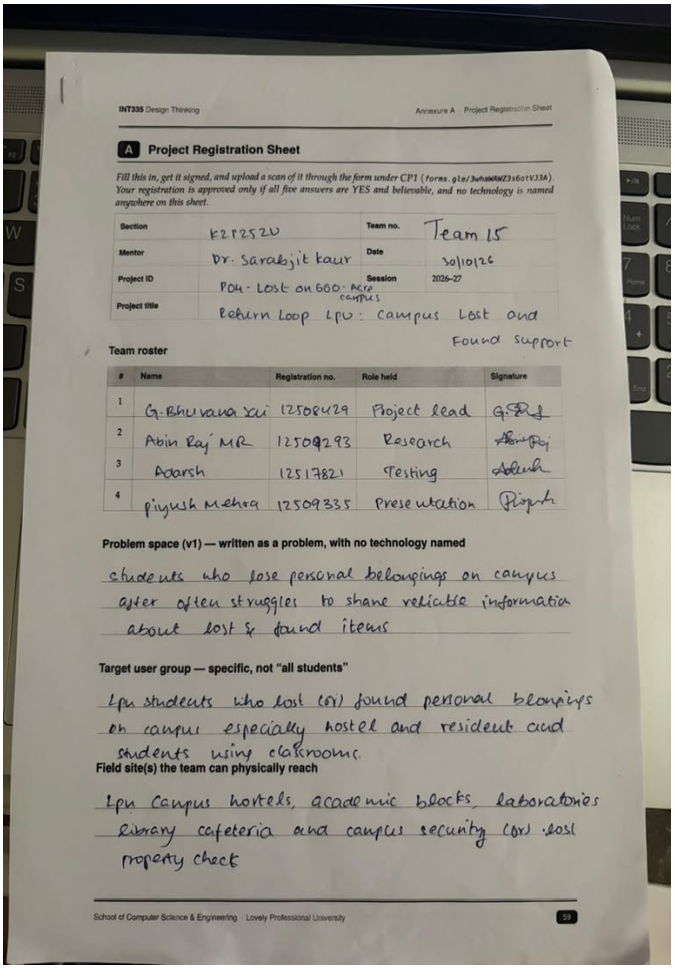

#	Student Name	Registration No.	Designated Project Role
1	**G. Bhuvanasai**	12508429	Project Lead & Full-Stack Prototyping
2	**Abin Raj MR**	12509293	Research Lead & Empathy Specialist
3	**Adarsh**	12517821	Testing Lead & Verification Specialist
4	**Piyush Mehra**	12509335	Presentation & Documentation Lead

Executive Summary & Novelty Statement

ReturnLoop LPU is a privacy-first, zero-cost campus lost-and-found recovery network engineered for Lovely Professional University's 600-acre campus. It eliminates the root causes of campus lost property failure: (1) Fear of fraud and phone harassment caused by broadcasting on informal WhatsApp/Instagram boards, (2) Time friction preventing hurried finders from traveling across campus between lectures, and (3) Inability of campus security guards to verify ownership of identical items. Featuring an automated 5-trait similarity matching engine, privacy-masked listings, secret identifier verification, and complete 7 Indian regional languages localization, ReturnLoop slashes item recovery time from 4 days to under 2 hours with zero university budget expenditure.

Annexure A · Approved Registration Sheet Scans

Page 59: Roster & Details

INT335 Design Thinking — Annexure A · Project Registration Sheet

A Project Registration Sheet

Fill this in, get it signed, and upload a scan of it through the form under CP1 (forms.gle/3whaWAWZ3s6otVJ3A). Your registration is approved only if all five answers are YES and believable, and no technology is named anywhere on this sheet.

Section	K212520	Team no.	Team 15
Mentor	Dr. Sarabjit kaur	Date	30/10/26
Project ID	P04 - Lost on GOO- Acro campus	Session	2026-27
Project title	Return Loop LPU : Campus Lost and Found support		

Team roster

#	Name	Registration no.	Role held	Signature
1	G. Bhuvana Sai	12508429	Project lead	G.Bhuvana Sai
2	Abin Raj MR	12509293	Research	Abin Raj
3	Aarsh	12517821	Testing	Aarsh
4	piyush Mehra	12509335	Presentation	Piyush

Problem space (v1) — written as a problem, with no technology named

students who lose personal belongings on campus often struggles to share reliable information about lost & found items

Target user group — specific, not "all students"

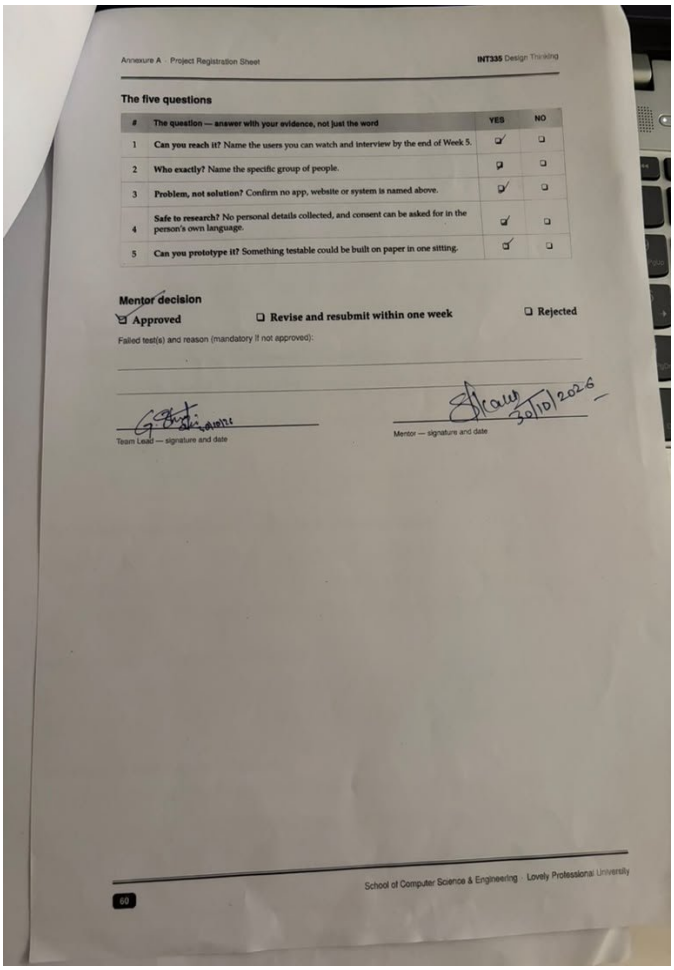

Lpu students who lost (or) found personal belongings on campus especially hostel and resident and students using classrooms.

Field site(s) the team can physically reach

Lpu Campus hostels, academic blocks, laboratories library cafeteria and campus security (or) lost property check

The five questions

#	The question — answer with your evidence, not just the word	YES	NO
1	**Can you reach it?** Name the users you can watch and interview by the end of Week 5.	☑	☐
2	**Who exactly?** Name the specific group of people.	☑	☐
3	**Problem, not solution?** Confirm no app, website or system is named above.	☑	☐
4	**Safe to research?** No personal details collected, and consent can be asked for in the person's own language.	☑	☐
5	**Can you prototype it?** Something testable could be built on paper in one sitting.	☑	☐

Mentor decision

☑ **Approved** ☐ **Revise and resubmit within one week** ☐ **Rejected**

Failed test(s) and reason (mandatory if not approved):

G.Bhuvana Sai — Team Lead — signature and date

Mentor — signature and date 30/10/2026

EMPATHY RESEARCH EVIDENCE

Live Prototype:
https://returlooptesting-khwd.vercel.app/

Checkpoint 2: Empathy Research & Participant Signatures

Empirical Evidence of Physical Consent Forms Signed by Campus Students | INT335

Empirical Field Photography: Participants Completing Official Consent Forms

Participant 1: Rohan Verma **2nd Yr CSE · BH-4 Hosteller**	**Participant 2: Simranjeet Kaur** **1st Yr CSE · GH-2 Fresher**	**Participant 3: Aman Sharma** **3rd Yr Mech · Day Scholar**
		
Physically filling and signing consent form for calculator loss interview.	Signing consent form regarding RFID ID card recovery and privacy.	Completing consent form and testing public vs secret proof fields.

USABILITY TESTING EVIDENCE

Live Prototype:
https://returlooptesting-khwd.vercel.app/

Checkpoint 6: Usability Testing & Iteration Evidence

Empirical Photos of On-Campus Usability Testing Sessions Across Student Hubs | INT335

Empirical Field Photography: Interactive Prototype Evaluation on Campus

Indoor Usability Walkthrough (Hostel Study Area)	Outdoor Campus Transit Corridor Usability Test
	
Student evaluating quick-reporting workflow and verification tooltips.	Student testing mobile responsiveness and filter usability near campus drop zones.

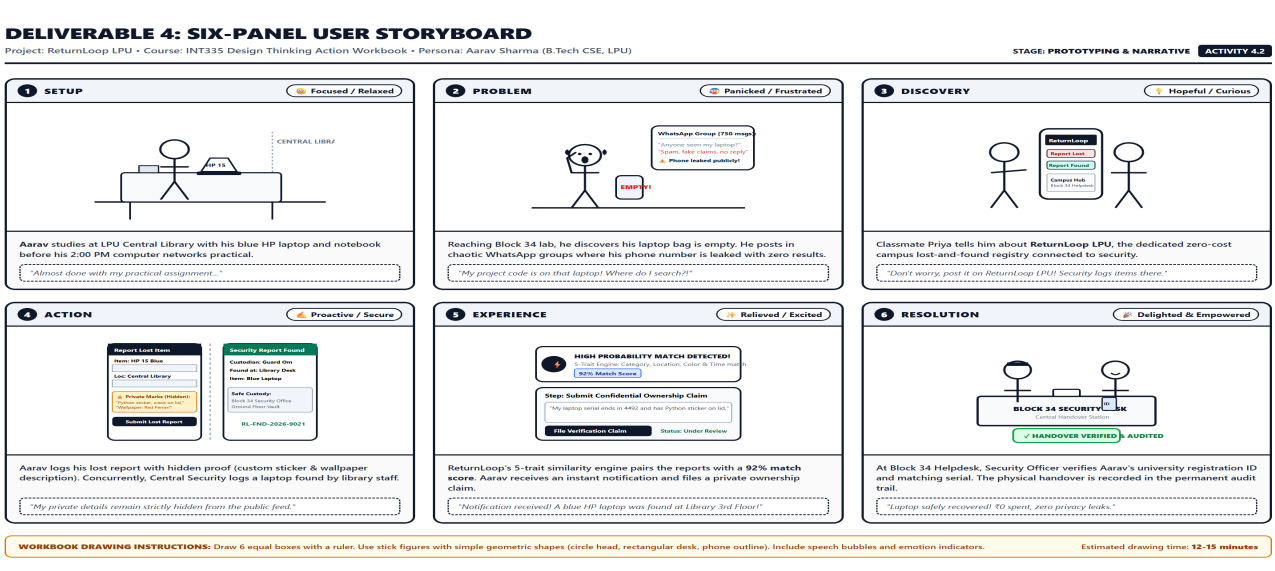

PROTOTYPE ARCHITECTURE

Live Prototype:
https://returlooptesting-khwd.vercel.app/

Checkpoint 5: Prototype Ready & UI Architecture

Complete System Storyboard & End-to-End User Flow Architecture | INT335

Campus Storyboard (The Lost-to-Found Journey)

End-to-End User Flow Architecture & Handoff Logic
